8.	Brennan Gallagher	Valdosta, GA	
9.	Sara Fogle	Aberdeen, NC	It affects our renters and house value.
10.	Kyle Henderson	Valdosta, GA	I am the property owner for                                      The proposed change would diminish the quality of life that is currently upheld by living on a subdivision that has is surrounded by rural area. This rezoning would also create multiple noise complaints from residents.
11.	Bradford Doyon	Valdosta, GA	I do not want a commercial property with traffic and noise directly behind my fence. This is one of the best neighborhoods in the area. This would degrade the quietness of it.
12.	Mariann Shova	Valdosta, GA	
13.	Elizabeth Gallagher	Valdosta, GA	Our neighborhood is our sanctuary. Lessening the buffer zone and creating a recreational area behind our homes lessens our well being and happiness as we reside in Valdosta.
14.	Andrea Clairmont	Valdosta, GA	I do not want to see my quiet neighborhood gone due to the traffic and noise a business of this type would bring into my subdivision. I work hard in the local community and do not wish to have my weekend disrupted, that is my family time, and I look forward to it. I also do not wish to see my property value drop due to the fact of the type of business that is wanting to move in there would deter buyers from purchasing in our neighborhood for the same concerns I have. Thank you for taking the time to review all person's involved in the moving forward of letting the business rezone this land.
15.	Kristin Doyon	Valdosta, GA	Our backyard fence touches the property that is proposed to have a recreational area. I am increasingly concerned about children's safety while playing outside, loss of privacy, sleepless nights due to extensive lighting behind the house, excessive noise, a reduction in property value, and the overall safety of our homes.
