HISTORY, FACTS AND ISSUES: ULDC Text Amendment TXT-2024-02 includes general amendments to the Code regarding duplicate definitions, standards eligible for variance and administrative waiver requests, regulation of signage, future text amendment procedures, alignment of technical standards between codes, and administrative and/or clerical changes. To help organize these amendments, they have been grouped together and organized by number. Short versions of the proposed amendments are included as a part of this case in strike-through and underline format. For reference, a timeline of previous and planned actions and additional background on the groups is also attached. The TRC considered the proposed amendments, and found no technical objections. Based on updates and direction from the County Attorney and County Leadership, Planning Staff and the GLPC recommend approval of Amendments 1,2, 3, 6, and 7.
