Item no.	Item name	Contract Variation	Qty.	List Price	Discount %	Net Value USD
64-0500	Precision Hydrogen Trace 500cc 100-240V		1	16,909.00	5.00	16,063.55
Notes	If not immediately installed, your H2 generator must be flushed with fresh deionized water and run for one-hour every month. Please ensure this unit is properly stored as outlined in our User Manual to avoid any revocation of your warranty. Please ask your Territory Manager for more details.					
10-9016	Water Bottle 4L		1	161.00	0.00	161.00
60-1501	Precision Zero Air 1500cc 110V		1	3,722.00	5.00	3,535.90
65-1555	Precision Compressed Air 110v		1	6,544.00	5.00	6,216.80
Notes	SLO, Fixed Price Preventative Maintenance: This sole source service includes a preventative maintenance visit by a trained Peak engineer. The Peak engineer will replace necessary components to prolong the lifespan of the unit and reduce the risk of breakdowns. Breakdown services are NOT included however, your generator will be given priority response over non-plan customers and also receive a 20% discount on any breakdown services required.
