

assistance to get vehicles off of the roadways.

Rotation calls for Wrecker Services in surrounding jurisdictions have a fee of \$125, no matter what time the call is requested. Furthermore, the daily storage fees are \$25 per day.

We are requesting to amend our Contract with Wrecker Services who participate in the City of Valdosta rotation system to be equal to jurisdictions in the surrounding areas at \$125 per call and \$25 a day storage fee.

**OPTIONS:** (1) Approve the amount of the maximum fees for Wrecker Services to \$125 per call, along with \$25 per day storage fee, (2) Do not approve the increase.

**RECOMMENDED ACTION:** Option (1)

**ADMINISTRATIVE COMMENTS:** This increase in fees must be made so that the City Wrecker Services fees are comparable to other jurisdictions and to ensure that Wrecker Services do not pull themselves from the rotation system.

**ADMINISTRATIVE RECOMMENDATION:** Approve the increase in the maximum fees charged for Wrecker Services participating in the rotational system.

Richard Hardy, City Manager
