

- (a) Pursuant to this agreement, Contractor agrees to respond to any call for a wrecker within five minutes of receipt of a call. Contractor, or its authorized employee, must be physically at the scene of the requested service within 30 minutes with all appropriate tools, personnel and equipment needed to effectively tow any vehicle that requires towing.
- (b) Contractor agrees that only wreckers that are owned by, or leased exclusively to, the selected wrecker service and wrecker operators that are employed by the selected wrecker service be authorized to respond to a "rotation" wrecker service call. In the event the selected wrecker service can not respond to the service call the next wrecker on the list will be utilized and contractor refusing the call will be moved to the bottom of the call rotation list.
- (c) Contractor agrees that in the event that contractor's services are utilized to tow or remove any vehicle(s) from the site of an accident or any other incident in which the City of Valdosta may have a financial liability or responsibility, that at the discretion of the City, said vehicle(s) shall be towed to the City of Valdosta Public Works facility, which is located at 1015 Myrtle Street, Valdosta, Georgia, and further that the location of the vehicle placement on the facility's premises shall be at the direction of the City.
- (d) Contractor agrees to provide proof of the following:
- (1) Insurance coverage as required in this contract;
 - (2) Current Occupational Tax Certificate;
 - (3) Emergency light permit approval;
 - (4) Proof of a current Department of Motor Vehicle Services; (DMVS) Level I Inspection;
 - (5) Vehicle Identification Cab Card.
- (e) Contractor agrees to charge, and shall be paid by the owner or operator of the vehicle towed, fees on the following schedule:
- (1) The fees charged by Contractor for date of service between the hours of 8:00 a.m. and 6:00 p.m. shall be \$85.00.
 - (2) The fees charged by Contractor for services between 6:00 p.m. and 8:00 a.m. the following morning shall be \$95.00 per vehicle.
